^aToni Speaks:

As we move into our 17th year, we look back at the changes that have taken place with our shop. We started out as a small 1500 sq. ft. quilt shop with no other aspirations other than be a great quilt shop. Bernina's came 3 years later and so did another 1300 sq. ft. We added Handi Quilter to our family and needed more space. We moved 5 years ago to this new 4000 sq. ft. location and haven't looked back. With the new construction going all around us, we've continued to have business as usual. My previous landlord and my new landlord have committed themselves to making this transition as smooth as possible. It's been fascinating to watch. So stay tuned for bigger and better things ahead.

We are having some changes in the shop and staff as well. Pam Block is taking a break to help Mike recover from his illness so we're taking a break this summer and will not offer the official beginner class that she developed but will start up in the fall. Kathy and Penny are new hires this winter session. Kathy has been a customer for years and Penny is new to the area and offers quite a portfolio in designing and making children's clothing. She is offering quite a few classes this session such as a bonnet, diaper covers and bibs and burp cloths.

Check her classes out.

I continue to look forward to my classes and sharing with you.

Toni
